

2012 Injectable Nutrients Workshops

- Powerful therapies & recovery programs available only to doctors
- How to maximise the therapeutic effects of nutrients

“This is an excellent and very comprehensive course. It has been a good opportunity for networking. Very useful to have hands-on experience with the mixing and administration of injectable nutrients.”

Participant, after the June workshop in Surfers Paradise

Injectable nutrients training for doctors and practice nurses

2-day training enabling you to confidently and safely apply **intravenous** and **intramuscular** delivery of vital healing nutrients.

Minimise or solve issues of absorption, gut tolerance and patient compliance using these reliable and convenient therapies in a clinical setting

- presented by medical practitioners and other experts in the field
- focus on safety, techniques and protocols
- exploration of efficacy
- discussion based on cases and the literature
- covers theory and practical considerations and offers hands-on sessions
- on-going support

Register now using form overleaf for early-bird discounts (plus note pricing incentive for nursing staff)
